MEMORANDUM FOR: Director of Central Intelligence  
ATTENTION: Mr. <sup>25X1A</sup>   
SUBJECT: Acquaintanceship with Congressmen

1. The undersigned is personally acquainted with Congressman Richard B. WIGGLESWORTH, Republican, of Massachusetts. 

 This acquaintanceship has extended over a twenty year period and, although we have never been close friends, our association has been most cordial.

2. Prior to joining CIA in November of 1950, I would visit with Congressman WIGGLESWORTH regularly in his office. However, since that time I have purposely discontinued these calls. I would be very happy to renew them if advisable and feel that Agency interests would benefit thereby. The Congressman has always taken a personal interest in the well-being of my family and me.
